Merseyside Civic Society needs your support

As a charitable organisation, we depend upon subscriptions. For a modest annual payment, you can become a member. Since 1938 we have helped to preserve the best of the past, like the Albert Dock and the Lyceum, as well as demanding design quality for the future. Although we admire many of its achievements, we do not live in the past. We believe Liverpool has a splendid future and we want to contribute to making it all the more splendid. While Liverpool is at the hub of our activities, we embrace the whole of the city region and take a concerned interest in its environmental development and regeneration.

To stimulate public interest in the enhancement of the quality of life the city region

To engage in debate and discussion and conduct research in support of this aim

To promote high standards of town planning, architecture and design in the area

To ensure the preservation, conservation, development, improvement and careful stewardship of features of general public amenity

To seek to safeguard areas and structures of historic and/or public interest

To strengthen links between interested bodies, such as Civic Voice (nationally), and local civic and amenity societies in the city region.
